EVERUN ERFB30 Electric Forklift

Information

Hydraulic Steering system for premium operation performance. Professional XCE electronic control proportional technology system and BMS function for streamlined switch between lead acid battery and lithium battery

FEATURE Term No.	SIZE / DETAILS ERFB30
Rated Capacity	3000kg
Load Center Distance	500mm
Power Mode Mu	Lead Acid
Tyre Type	Solid
Max.Lifting Height	3000mm
Free Lifting Height	145mm
Mast Tilt Angle Front/rear	6/12°
Overall Length(Fork Excluded)	2555mm
Overall Width	1270mm
Mast Height	2060mm
Overhead Guard Height	2200mm
Min.under Clearance	135mm
Wheel Base	1680mm
Min.turning Radius	2270mm
Traveling Speed Loaded/unloaded	16/17km/h
Lifting Speed Loaded/unloaded	330/450mm/s
Gradeability Loaded/unloaded	15/17%
Drive Motor Power	16.6kW
Pump Motor Power	13.5kW
Voltage	80V
Amphere	500Ah
